

If you thought the court ruling ordering homosexual "marriage" would not affect you...

You were wrong! Homosexual groups are moving into your public schools. Gay activists claim that because homosexual "marriage" is now "legal", they have the right to teach your children that homosexuality is normal – so "Try it!" Parents who object have no rights.

Your state legislature gives hundreds of thousands of dollars of **your taxes** for homosexual programs in your public schools.

And here's what's happening:

■ Last month in Lexington, kindergartners came home with a children's book, paid for by the school, describing that two women or two men are the same as a mother and father. When a father complained, the principal told him the school could do whatever it wanted.

■ At a Newton high school's "Transgender, Bisexual, Gay, & Lesbian Awareness Day", a school counselor told an auditorium of kids

how he went to Taiwan and had sex with men there. He encouraged the kids to try homosexuality if they "feel different." He added, "I want to reach kids at 12-13 years old."

■ At a mandatory school "gay awareness" assembly, a track coach told kids his gay older brother was a role model to him, and so he "came out" as a gay also. He described to his shocked students how he fell in love with his sister's husband.

■ An 8th-grade teacher in Brookline bragged on National Public Radio that she tells her students, "Can a woman and a woman have vaginal intercourse? Of course they can! They can use a sex toy."

■ Schools are teaching about sex change operations, including penis and breast removal.

And here's some of the propaganda given to your children in the schools:

■ "Live and Let Love" -- A pamphlet that asks kids, "If you have never slept with a person of the same sex, how do you know that you wouldn't prefer that? " It also suggests to them that Eleanor Roosevelt (who had 6 children) was a lesbian.

■ "The Resource Guide to Coming Out" -- This booklet tells kids that maybe they're really gay, and they just don't know it, and despite what their parents may say, homosexuality is healthy and natural: *Just let your feelings go and "test the waters"!*

This is all being done in your public schools, with your tax money, since the homosexual "marriage" ruling!

You can do something to stop these outrages!

**You have a choice on Tuesday!
There's one candidate you can trust:**

KERBY ROBERSON

- **is willing to protect our children from the homosexual fanatics in our public schools.**
- **will vote to stop homosexual "marriage", despite what the powerful politicians say.**
- **is truly for you and your children, and not for the special interests.**

His opponents:

Linda Forry is supported by homosexual extremists pushing their gay propaganda in the schools. You've seen her mailings, claiming she's for "families." But she also supports homosexual "marriage".

Stacey Monahan supports homosexual marriage. Will she represent *you*?

Vote for Kerby Roberson

Democrat for State Representative
12th Suffolk District
Mattapan, Dorchester, Milton

Be sure and vote **Tuesday, March 15!**

Make sure your friends and neighbors vote!

Make Kerby Roberson your next State Representative!

What can you do?

If you are alarmed by the aggressive homosexual programs in the public schools since the homosexual "marriage" ruling, and if you want a State Representative who will fight for your interests, you can do several things:

First, contact the "Kerby Roberson Committee", 108 Blue Hill Ave., Milton, MA 02186, 617-361-4100. Volunteer to work at the polls, pass out literature, make phone calls, etc.

Second, make sure you vote and encourage all of your friends in your neighborhood and church to vote on Tuesday, March 15.

Third, contribute to the Kerby Roberson Committee. They can use the funding!

The homosexual lobby is well-organized and well-financed, but we are in the majority. However, if we don't get out and vote -- your rights will be lost!

Do you want a State Representative who **SUPPORTS** *this*:

Photo from gay political website which endorses Linda Forry for State Representative

A man marrying a man?! Or a Rep. who will vote to end it?

Do you want a State Representative who **SUPPORTS** *pushing homosexuality on your children in the public schools*? Or a Rep. who will vote to stop it?

You have a choice -- but unless you VOTE, your choice will be lost.
